

Welcome to The Landmark Mandarin Oriental  
Immerse yourself in Hong Kong

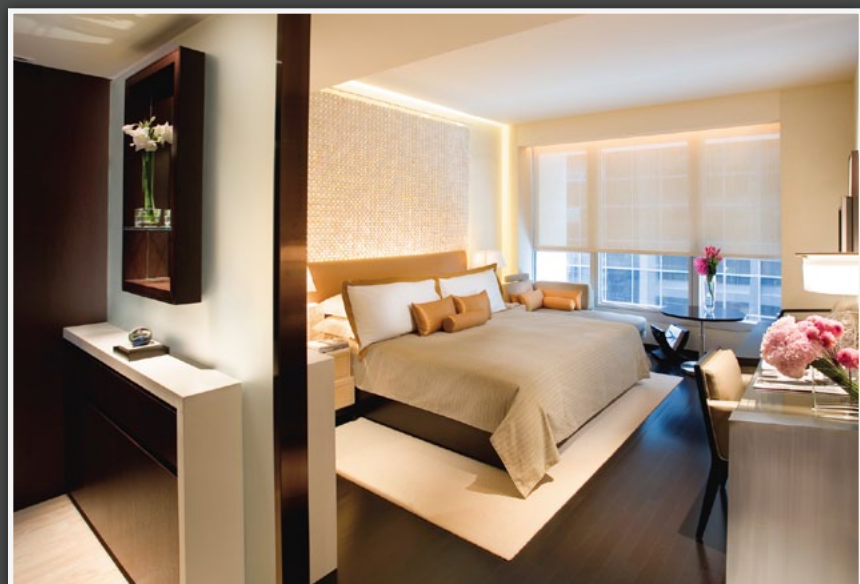

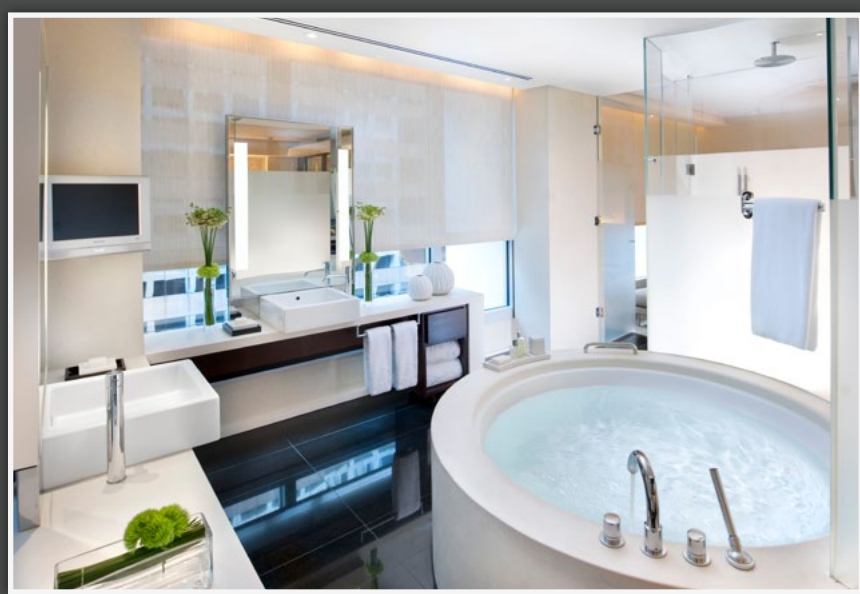

## Hong Kong's most prominent address

Surrounded by the world's leading fashion brands and Hong Kong's premier business locations, The Landmark Mandarin Oriental, Hong Kong is at the very nucleus of the city.

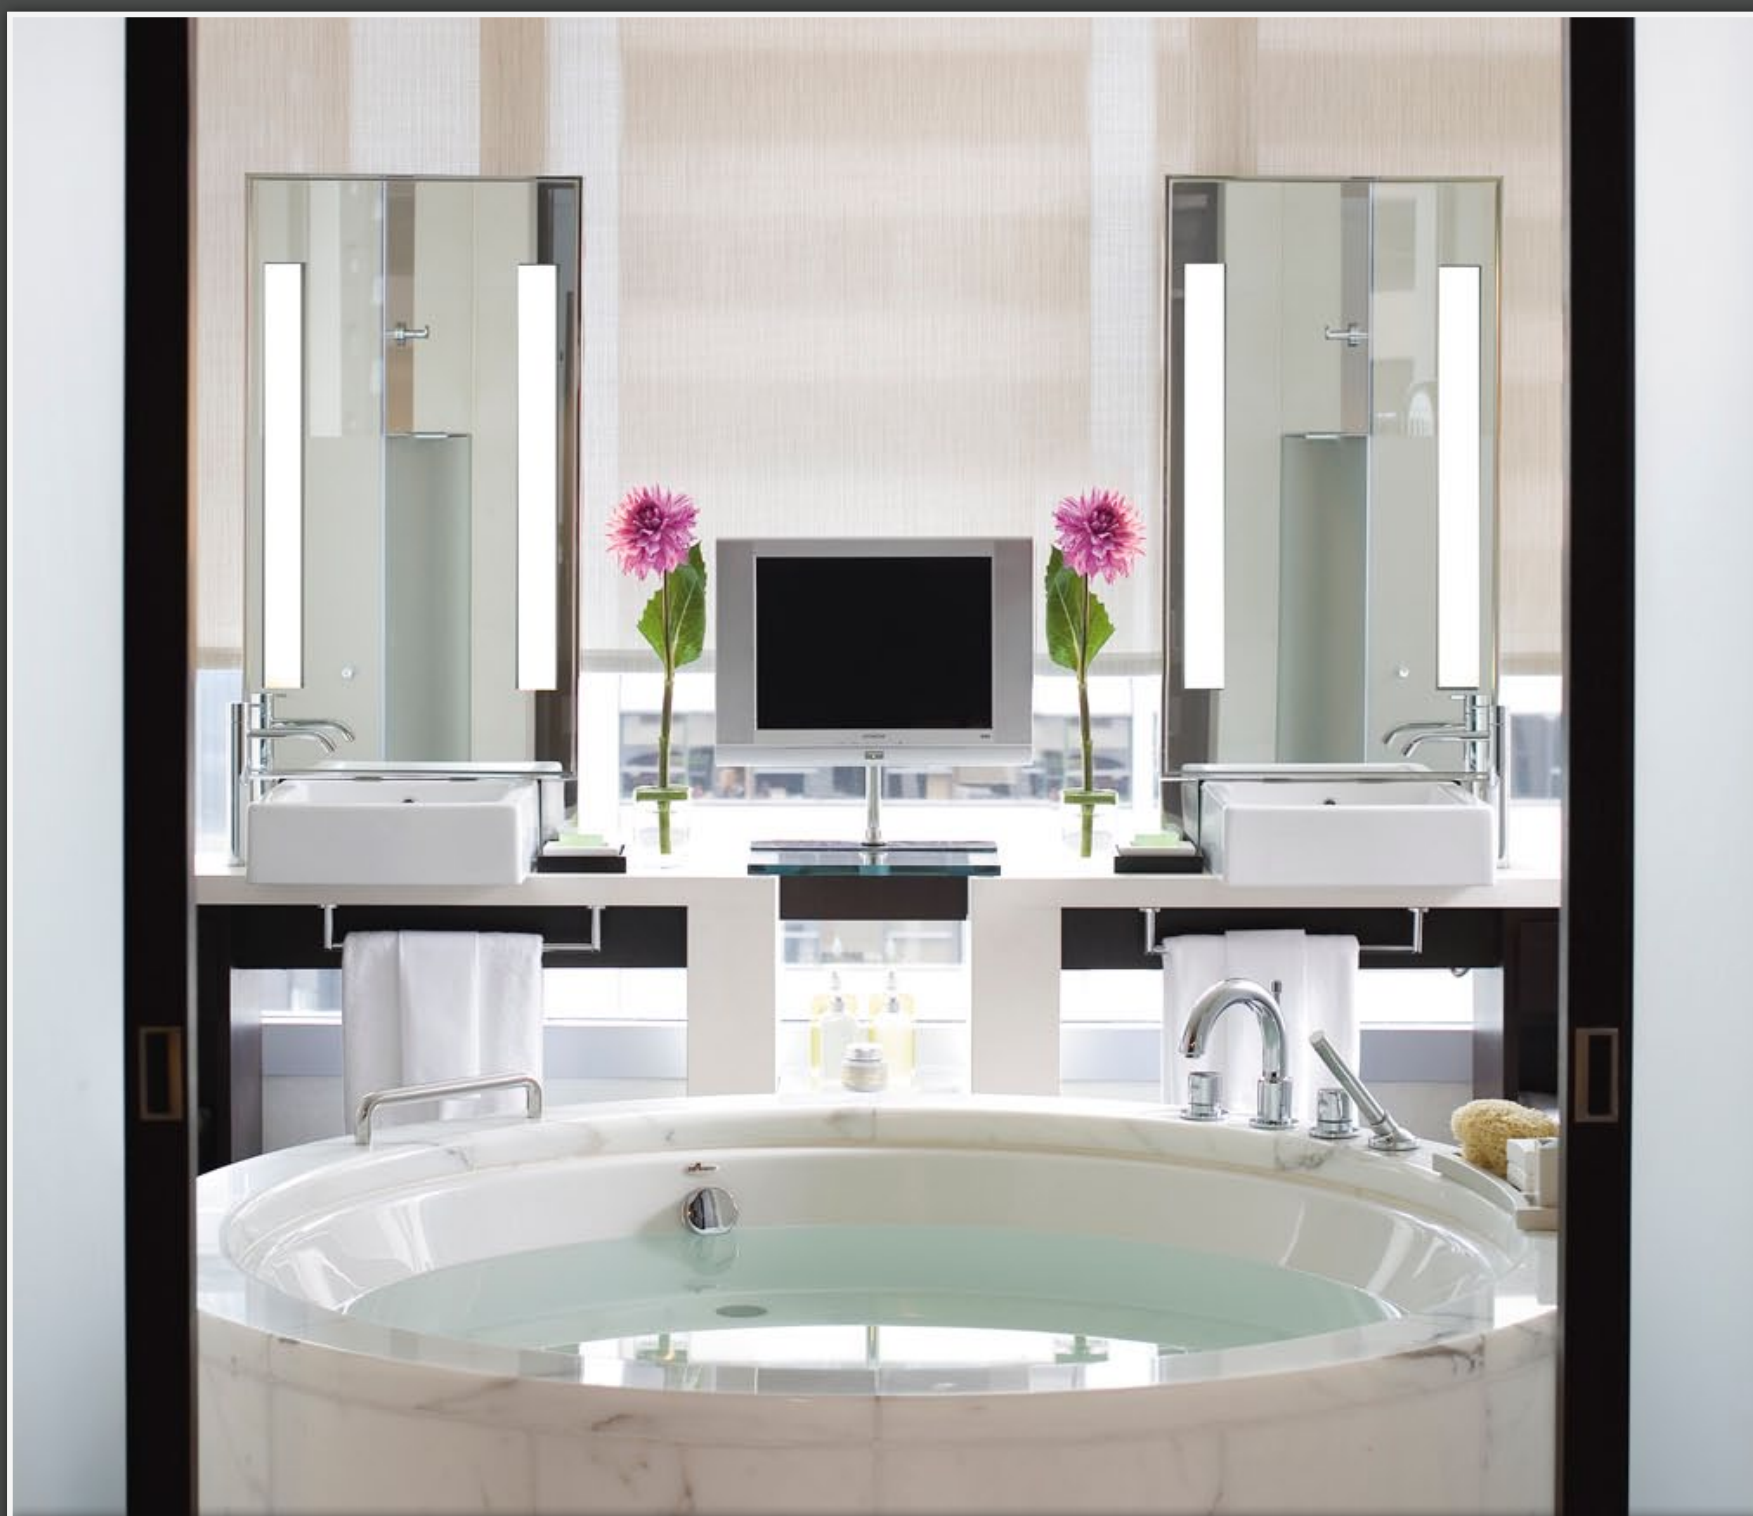

## Creative spaces

We have 101 rooms, each a showcase of cutting edge design, fitted with advanced technology and spectacular glass-walled bathrooms. There is a remarkable sense of free flowing space throughout the interiors and by square metre most of these rooms are amongst the largest hotel rooms in Hong Kong.

## Hong Kong's designer suites

A designer's vision of their Hong Kong home. These suites exude style and demonstrate an experienced eye for the finest in everything, from the Machina Minima lamps to the seductive seven-foot round spa bathtubs.

## High design and haute cuisine

The original creativity of Richard Ekkebus provides diners at Amber with one of Asia's most exciting gourmet experiences. The interiors of both Amber and MO Bar are nothing short of exhilarating.

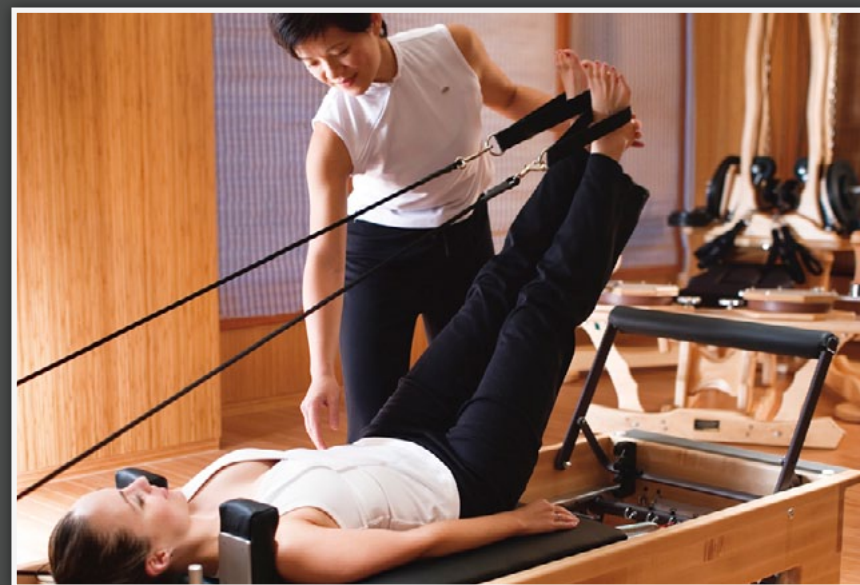

## Pure escape

The Oriental Spa is a labyrinth of serenity, offering heat and water therapies and a comprehensive range of health, beauty and massage treatments. We have 15 luxury treatment rooms and a fabulous Sanctuary Spa Suite for couples, with its own private amethyst crystal steam room and vitality pool.

## A creatively designed pool

Our Tian and Di rooms are supremely modern spaces in which to host stylish corporate or social gatherings for up to 80 guests. Our leisure facilities include a high performance fitness centre, a pilates and yoga studio operated by master instructors, and the most impressive pool in central Hong Kong.
