

MANDARIN ORIENTAL  
BARCELONA

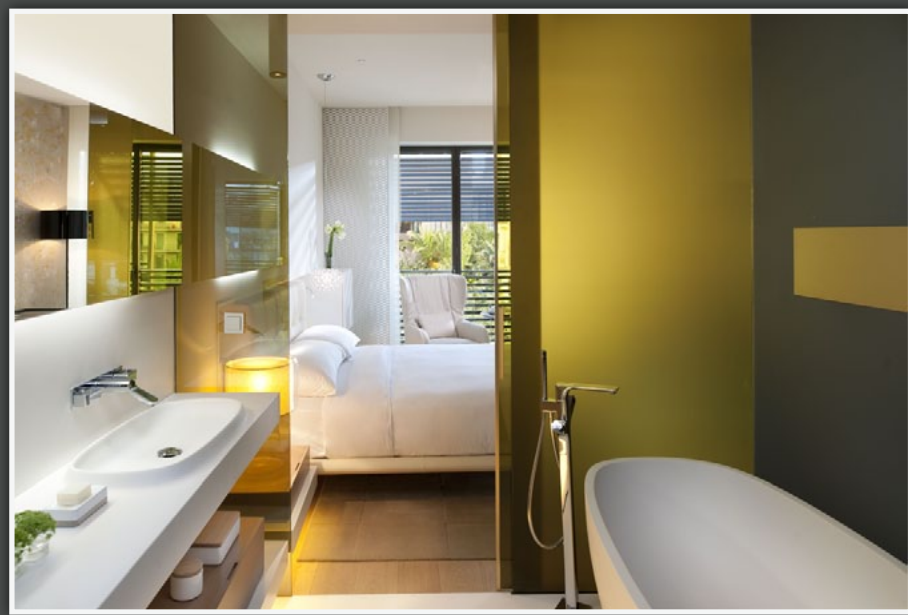

Welcome to Mandarin Oriental  
Immerse yourself in creative Barcelona.

## Avant-garde luxury on the most prestigious address

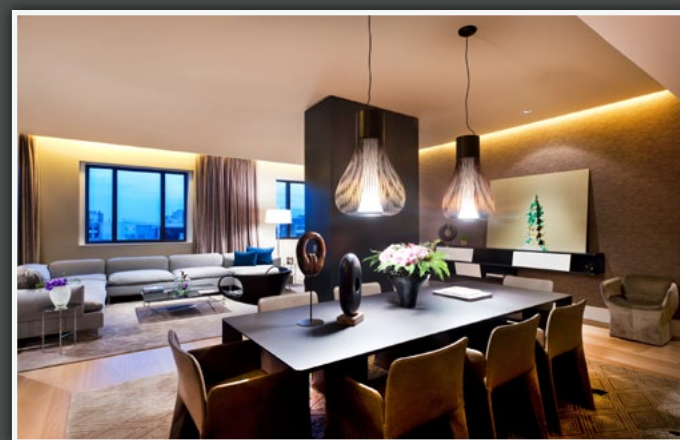

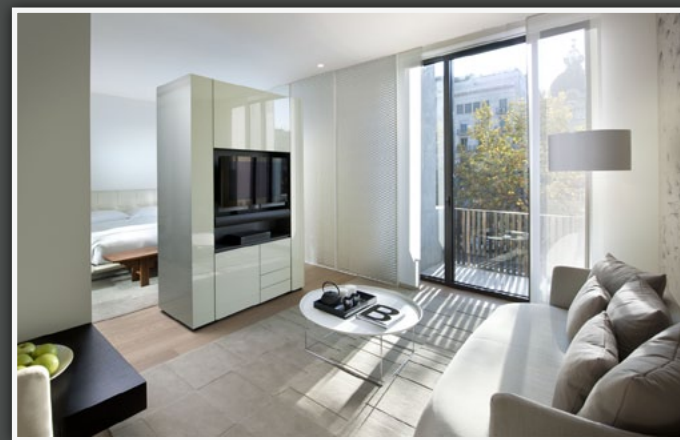

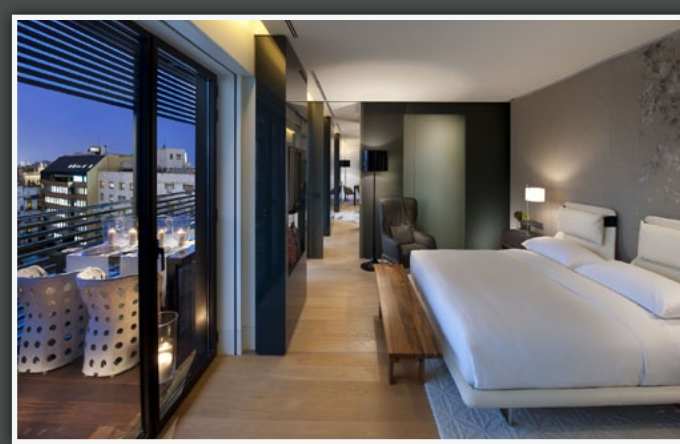

Mandarin Oriental, Barcelona is an exclusive hotel with a highly stylised interior as spectacularly creative as the city itself. We have a superb location on the prestigious Passeig de Gràcia, surrounded by luxury boutiques and opposite Gaudí's Casa Batlló. Nearby are many of Barcelona's cultural sights and the teeming life of Las Ramblas.

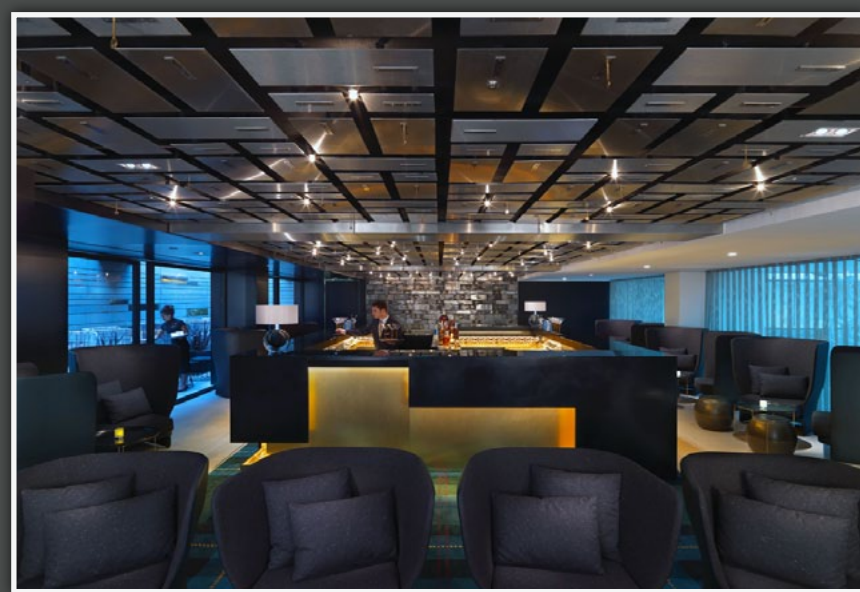

## Luxury comfort and calm

We have 88 exclusive rooms; each is an oasis of luxury comfort and calm in the centre of the city. The space is open and light, while neutral whites and linens provide a quiet contrast to the detailed beauty of the furnishings designed by Patricia Urquiola. Views are over Barcelona's prestigious Passeig de Gràcia towards Gaudi's modernist Casa Batlló or our more peaceful landscaped Mimosa Garden.

## Your designer home at the chicest address

Each of our 10 suites is entirely individual with its own dramatic design feature; the scooped form of a free standing tub or decked terrace running the length of the suite. Created with deep personal attention, they offer the ambience of a designer home in the centre of Barcelona. These spaces are ideal for al fresco dining, an impromptu party or a private meeting in style.

## Contemporary and Catalan

A striking modern design brings style and energy to all our restaurants and bars. At Moments, our gastronomic restaurant with a Michelin star, Carme Ruscalleda and her son Raül Balam ara blazing a trail in Catalan cuisine. We offer chic all day dining at Blanc with chef Jean Luc Figueras, the arty and cool Banker's Bar and our peaceful Mimosa Garden.

## Escape to an extraordinary sanctuary

Our Spa at Mandarin Oriental is an escape from the ordinary. A space of ultimate relaxation, designed to inspire healing with a tranquillity pool, soothing heat and water oasis and serene treatment rooms for individuals or couples. Our expert therapists take a holistic approach, delivering effective personalised therapy and a luxurious experience.

## A highly individual approach to each event

Our exclusive hotel offers a designer backdrop for top flight meetings or special occasions, while our colleagues apply equally creative thinking in planning your event. Our intimate spaces can host up to 40 guests, while our rooftop terrace, private dining and prestige suites provide stylish options for smaller parties. Your event coordinator will be in constant contact to provide the highest level of personalised service in Barcelona.

## Relax on our rooftop

Terrat is our stylish rooftop with dipping pool; guests can relax under the Mediterranean sun enjoying 360 degree views over the city. Our fitness facility is open 24 hours a day. The chicest shops and main sights are very near our hotel, while our Mimosa Garden offers a tranquil retreat just off the boulevard.
